350 tub designs and options, shower bases, barrier-free shower bases, basic tub models, sinks, and more

Customization is standard

Free Freight for every order

Shipping in 5-10 business days

Metal reinforced tub frames

Factory pre-leveled frame option

Made in the USA

## Customization options

- Selection of hydrotherapy type: soaker, air bath, whirlpool, or combination
- Specification and placement of jets, controls, and other tub-mounted components.
- A huge variety of options, including aromatherapy, chromatherapy, audiototherapy, thermaltherapy, cleaning systems, grab bars, hand-held showers, and tub enclosures.
- The positioning of all system components, such as pumps.
- Specific installation requirements, such as location of tile flanges
- Other installation facilitators, such as a pre-leveled foam base or pre-leveled frame

## Hydrotherapy (tub types)

- **Soaking bath:** heat and water's natural buoyancy foster deep relaxation.
- **Whirlpool:** a deep, penetrating massage from a mixture of air and water.
- **Air Bath:** The movement of millions of tiny air bubbles increases blood flow.
- **Whirlpool/Air combination:** The best of both worlds with a fully adjusted hydrotherapy system.

## Environmental responsibility

- MTI is committed to environmental policies and practices, including recycling, and more.
- MTI also designs environmentally responsible products, including products such as the water-efficient cleaning systems.

## Handcrafted Quality

- Each step of the manufacturing process is done by hand.
- Each product is made to individual specification and manufactured only after it has been ordered.

## Shipping

- Tubs ship in 5-10 business days, including customized tubs.
- MTI offers Quick Ship on select tub models, a service that will ship tubs within 48 hours of the purchase order.

## Innovation and technology

- **Fill Flush® and Simple Touch® cleaning systems** clean the internal whirlpool plumbing system in less than 5 minutes with less than 10 gallons of water.
- **Stereo H2O®** transforms the bathing surface of a tub into one giant speaker.
- **Radiance®** utilizes radiant heat technology to warm the bath tub interior's surface to increase bather comfort.

## Warranty

- All acrylic tubs have a lifetime limited warranty.
- All ESS boutique tubs have a 10 year limited warranty.

## Real People

- MTI has no automated phone menu.
- MTI is employee owned .
