Not sold in big box stores

Sound dampening coating & pads

18/10 304 surgical grade stainless steel

Made in Australia

Limited Lifetime Warranty

Free accessories included

Locally stocked

## Manufacturing Process

- Oliveri sinks are only made from 304 grade stainless steel, because poor quality stainless steel can lead to bacteria, corrosion, and rusting.
- Oliveri sinks are manufactured with a slow draw process that preserves the structural integrity of the stainless steel.
- Oliveri uses both sound deadening pads and undercoating to reduce noise levels.
- Oliveri sinks have tight radius corners to maximize space and usability.

## Shipping/stocking

- Oliveri sinks are shipped individually boxed in only the highest quality packing material to reduce shipping damage to the sink and hassle to the dealer.
- Oliveri sinks are locally stocked in Sacramento, including large quantities of the most popular items.

## Warranty

- All Oliveri Collections have a limited Lifetime Warranty on sinks and accessories.

## Why Oliveri uses high quality Stainless Steel

- Stainless steel will not hold bacteria that could contaminate food
- Stainless steel has properties that do not diminish over time and use.
- Stainless steel is more flexible and forgiving than cast iron.
- Stainless steel can withstand extreme temperatures.
- Because it is so durable, other kitchen appliance manufacturers use stainless steel – a stainless steel sink will match.

## Independent dealer protection

- Oliveri enforces a strict 20% MAP policy.
- Oliveri does not sell to large national chain retailers, including Lowes and Home Depot.

## Oliveri Collections

- Oliveri Professional Collection features include 16 gauge stainless steel, Softtone undercoating, oversized pads, 1/2" radius corners, and complimentary accessories.
- Oliveri Collection includes Softtone undercoating, oversized pads, and complimentary accessories. This collection also includes both stainless steel and fireclay apron sinks
- Oliveri Essentials: includes the most popular Oliveri 800 series SKUs and sound-deadening pads.
- Sonetto Professional includes a budget price point, 18 gauge stainless steel, and undercoating (not Oliveri brand).
- Sonetto: budget-priced collection.

## Accessories

- Oliveri manufacturers accessories, such as cutting boards, to fit perfectly with each sink model.
- Necessary accessories are included free with the sink, so the consumer won't be taken surprise by added extra costs.
