

It's time to switch from SM steam generators to our new SMP steam generators!

This is to inform you that our SM Series Steam Generators are **no longer stock items**. They are available in limited quantities while supplies last. As of January 1, 2018, however, SM pricing will increase to match pricing on our new SM Plus (SMP) models.

Why order a discontinued SM when you can get the new SMP at the same price?

SMP connects with Steamist's Total Sense™ Spa Options, including our newest digital ShowerSense™ valve.

SMP works with all of our current digital controls, including our patent-pending dual-sensor technology— the industry's most accurate temperature regulation.

List Pricing Effective January 1, 2018				
Note: List prices on SMP Generators remain the same.				
Product Codes		kW	Cu.Ft. Range	List Price
SM-5*	SMP-5	5	0-100	\$1,850
SM-7*	SMP-7	7.5	101-250	\$2,350
SM-9*	SMP-10	10	251-450	\$2,850
SM-10*				
SM-11*	SMP-12	12	451-550	\$3,250
SM-12*				
SM-15*	SMP-15	15	551-675	\$3,450

* No longer stock items. Limited quantities available.

SMP generators will ONLY work with the following controls:

- 550
- 450
- 250
- 220

SMP generators will NOT work with early generation SM controls, including:

- SMC-150
- TC-110
- TC-125
- TC-135
- DTC-200
- 200T
- DSC-425
- SMC-120
- TC-120
- TC-130
- TC-150
- DTC-225
- 225T

When replacing an older SM generator with an SMP, make sure the control(s) are also replaced.

See other side for information about discontinued SMC-150 and SMC-120 controls

As of January 1, 2018, SMC-150 and SMC-120 controls are no longer available.

We have discontinued the SMC-150 and SMC-120, designed for installation with our now discontinued SM Series Generators.

New SMC replacement controls

The following are available as Replacement Controls for use only with SM Steam Generators, and will ship without a 3199 Steamhead or 35-foot cable. **A parts-only discount will apply.**
