

STEAMIST®

EMBRACE THE POWER OF STEAM

Relax

Steam soothes sore muscles and promotes flexibility, while releasing tension from a hard day. Steam also helps you fall asleep faster, sleep more soundly and wake feeling refreshed and ready for a new day.

Restore

Steam hydrates dry skin with warm, penetrating moisture. Open pores bring nutrients to the skin's surface enhancing collagen production, creating healthy, smooth skin while lessening the effects of aging.

Renew

Steam fuels blood flow throughout the body to detoxify and release impurities. It provides relief from allergies, asthma and other respiratory problems as well as skin problems such as eczema and acne.

Steam Shower Overview

A basic steam shower system has three components, the Steam Generator, in-shower Digital Control and Steamhead. To enhance the experience, Steamist also offers four Total Sense™ Spa Options as well as in-shower seats and other accessories.

1. STEAM GENERATOR

Steamist offers SM Plus Generators, or premium-grade Total Sense Generators, featuring InstaMist® technology.

2. STEAMHEAD

Smoothly and evenly surrounds you with therapeutic warmth.

3. DIGITAL CONTROL

Steamist offers a variety of control options to match any decor.

4. AROMASENSE™ SPA OPTION MODULE

Stores and adds either of two fragrant essential oils into the steam line.

5. CHROMASENSE™ SPA OPTION MODULE AND LIGHT FIXTURE

Provides a choice of “white light” plus 6 different color effects.

6. AUDIOSENSE™ SPA OPTION MODULE AND SPEAKERS

Play music from any Bluetooth-enabled device.

7. SHOWERSENSE™ SPA OPTION VALVE

Enables installation of 3 different shower outlets, with just one digital control.

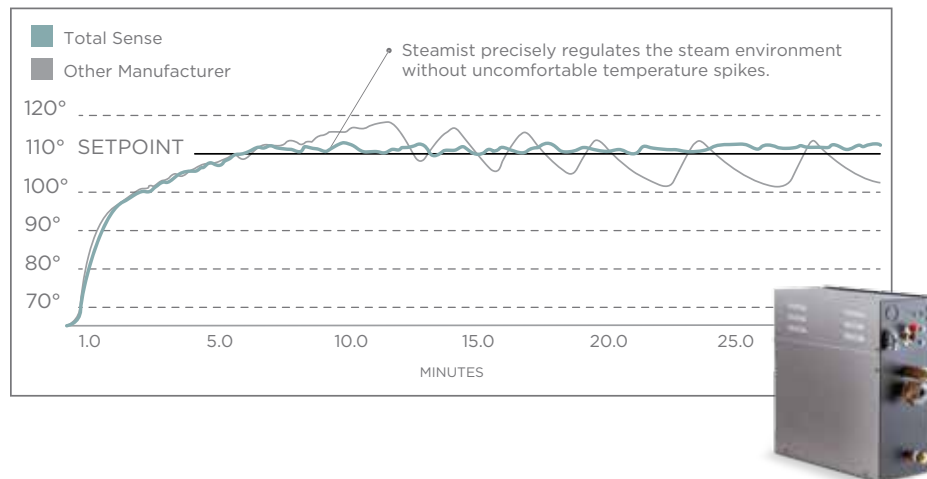

Total Sense™ and SM Plus Steam Generators

Steamist Total Sense and SM Plus Steam Generators are available for steam showers up to 675 cubic feet, and multiple generators can serve even larger spaces. All models are backed by a lifetime limited parts warranty, and allow you to enjoy Steamist Total Sense Spa Options.

Total Sense Generators include InstaMist® and SteadySteam™ Features

You may activate the InstaMist feature using any Steamist digital control, and get quick-response steam. In about a minute, the steam shower will begin heating up.

Quiet, continuous SteadySteam™ technology maintains the steam shower environment at your preset level, without uncomfortable temperature spikes.

Spa Options That Make Total Sense

On the pages that follow, we present four Total Sense Spa Options that are available to enhance your Steam Shower experience. All four options are compatible with either Total Sense or SM Plus Steam Generators.

You can order one or more Spa Option individually. You can also select one of our Deluxe Spa Option Packages, which include AromaSense, ChromaSense and AudioSense.

AromaSense™

Infuse your steam experience with fragrant essential oils. For centuries aromatherapy has demonstrated remarkable therapeutic powers, from relaxing body and spirit to soothing respiration to sparking creativity. And only AromaSense adds 100% undiluted essential oils to the steam shower, ensuring your pure pleasure.

The AromaSense module holds two easily-replaceable 120 ml essential oil canisters, allowing you to select your favorite scent without leaving your steam shower. The module pumps just 1/4 drop of pure undiluted oil at a time, so each canister lasts for months.

AromaSense Essential Oil canisters are sold separately.

RESTORE

Refreshes and renews the spirit

RELAX

Balances mood, clears the mind

RENEW

Comforts and revives the soul

ENERGIZE

Stimulates and empowers the mind.

RESPIRATORY

Soothes the respiratory system

ChromaSense™

Adding color to the steam shower can serve as chromatherapy to bring about positive change to your physical or psychological condition. Or, you can simply consider color part of your personal oasis of luxury. ChromaSense can turn you on a spectrum of effects to improve your day in different ways.

The ChromaSense light fixture gives you a choice of white light or six different color effects in the steam shower.

Energize
Increases Metabolism

Harmony
Reduces Anxiety

AudioSense™

Great thinkers and listeners from Plato to Bono have praised the power of music to soothe, heal and invigorate the heart, mind and soul. With AudioSense, you can enjoy your favorite music in the steam shower from your computer, smartphone, iPod, tablet or any other Bluetooth-enabled music player.

Your choice of speakers for the AudioSense Spa Option are sold separately.

Exposed Speakers

ShowerSense™

ShowerSense lets you enjoy the steam experience, followed by a refreshing shower from up to three different outlets. Steamist's Digital Controls let you select one of two User Profiles, giving you touchscreen command over all steam and shower functions, without the clutter of multiple shower controls.

With Steamist's Digital Shower System, you can enjoy the flexibility, functionality and clutter-free benefit of ShowerSense without installing a steam shower system.

Without ShowerSense

Three shower outlets require multiple controls and a cluttered, crowded enclosure.

With ShowerSense

One control does it all, for a beautiful shower without multiple controls.

550 Digital Control

The 550 is Steamist's most advanced control system. New upgrade features bring you increased flexibility in use:

- + A larger high-definition touchscreen display
- + Multiple-language display capability
- + Easily adjustable display font sizes
- + Can be installed in Portrait (vertical) or Landscape (horizontal) orientation

Compatible with Steamist TSG or SM Plus steam generators, the 550 can operate all Total Sense™ Spa Options.

- + Programmable for two user profiles including temperature, duration and spa option preferences
- + Dual-temperature sensor technology for superior temperature accuracy
- + 3199 Steamhead included in matching finish
- + Built-in mySteamist Wi-Fi
- + Programmed for connectivity with iHeart Radio, Spotify and Pandora music streaming services

When installed with a TSG steam generator, the 550 also allows the user to turn the selectable InstaMist® feature on and off.
